

HOW TO MAKE YOUR OWN Insecticidal Soap

**5 Tbsp
of pure
soap**

Use a pure soap like Castile soap, Dove liquid soap, or equivalent. Avoid unnatural soaps with harsh chemicals and detergents.

**1 Tsp.
of Apple
Cider
Vinegar**

Apple Cider Vinegar not only helps keep the bad bugs at bay, but it also fights powdery mildew and keeps rodents away.

**1 Tsp. of
ground chili
or garlic
powder**

Garlic and/or chili will help keep certain insects from chewing up your plants (aphids, leaf miners, etc.)

**Spray
Away!**

Apply to your plants! Remember to re-apply regularly, especially after it rains!
